For special accommodations, contact the counselor at 580-255-2903, ext. 230. Visit www.rrtc.edu for graduation rates, median students debt and more information.

DRUG FREE WORKPLACE
The goal of the Automotive Service Technology program is to teach general mechanics with an emphasis on five areas: brakes, electrical and electronic systems, steering and suspension, engine performance, and heating and air conditioning.

The curriculum is based on the Automotive Service Excellence (ASE) standards used to certify professional mechanics.

The program has received ASE certification in five of the eight areas set for industry standards.

"The education I received in Red River Technology Center's Automotive Service course is priceless in today's industry. The instructors were second-to-none when it came to helping me acquire the knowledge required in this field. I would definitely recommend this course to anyone with the desire for a career in the automotive industry." - Kelly Cosme, Adult Auto Service student
