Disability Services

Disability services works to provide equal educational opportunity and full participation for all Red River Technology Center students, faculty, staff and visitors. Services include both programmatic and architectural access.

“...all about our students.”

Adult Education & Family Literacy

The Adult Education and Family Literacy program sponsored by the State Department of Education consists of classes offered to adults, 16 and over, to meet three basic needs of the adult learner: learn or improve basic education skills like reading, English, math and science; improve life skills, workplace essentials, employment readiness and prepare for the GED®; improve on or learn English as a second language.

Free classes are scheduled throughout the year at Red River Technology Center. Call 580-255-2903, ext. 222, for information.

Student Services

“...all about our students.”

Mission

To develop a work ready community through quality education, services and resources by utilizing modern technology to encourage a better quality of life for our students and customers.

Mission

Accept the challenge of providing a world-class work force by providing leadership, technological training, and skills needed for our student’s businesses, and foster economic development.

Career Services & Information

Student Services provides a Career Information Specialist and Counselor who works with member schools’ students, teachers and administration in planning, preparing and conducting career development programs.

A certified counselor may counsel students on a person to person basis in the responsive services: absences and tardiness, academic concerns, child abuse, coping with stress, divorce/single parent, dropout prevention, family issues, grief/loss/death, misbehavior, relationship concerns, peer problems, sexuality issues, substance abuse and suicide threats. Students who require additional counseling expertise are referred to community services.

Call 580-255-2903, ext. 230 or 234, for information.

Academic Services

Academic Services focus on individualized instruction in academic skills essential for career success. Every student’s curriculum is designed to help students achieve the work ready credentials. Students are assessed with the Career Ready 101 pre-test and appropriate lessons are assigned. These services are available to all Red River Technology Center patrons during the regular school day and by appointment in the evening.

Call 580-255-2903, ext. 266, for information.

College Credit

Red River Technology Center students may be eligible to receive college credit for selected full-time programs through Prior Learning Assessments (PLA’s) with participating institutions of higher learning. Contact the RRTC Counselor at 580-255-2903, ext. 230, for more information.

Call 580-255-2903, ext. 230, for information.

Assessment

The Assessment Center administers and utilizes the TABE (Tests of Basic Adult Education), and test instruments to provide placement and employment information related to basic skills, aptitudes, career interest inventory, learning styles, work temperaments, work preferences, and much more. The test results provide vital information to assist the student with career decision-making. Fees may be assessed with certain tests and vary in cost.

Call 580-255-2903, ext. 276, for information.

Financial Aid

The Financial Aid Officer can acquaint prospective students with additional sources of financial aid, as other sources may become available. The Federal Student Aid (FAFSA) website is www.ed.gov/student/aid and students can file their application on-line at www.fafsa.gov. The Red River Technology Center school is: 005312.

Call 580-255-2903, ext. 269.

Work Readiness

Job Placement

Our Student Services members and career pathway instructors provide a variety of activities that will enhance career readiness. Instructors are a vital part of the job placement process. Partnerships are developed with industry on a local, state and national level to direct students toward interviews and job openings. The Internet is utilized by job search. Job me throughout the

Leadership Opportunities

Red River Technology Center daytime career pathway students have the opportunity to join student organizations. Students elect officers, participate in community service projects and have the opportunity to compete at the regional, state and national level in their career pathway.
