### *The 5 Choices to Extraordinary Productivity*

The 5 Choices to Extraordinary Productivity solution inspires participants to apply a process that will dramatically increase their ability to achieve life's most important outcomes. Supported by science and years of experience, this solution not only produces a measurable increase in productivity, but also provides a renewed sense of engagement and accomplishment.

### *Managing Millennials*

The way you have always done it won't get you the results you need with the Millennial generation. You have a new worker that sees the world differently than you do. Discover a framework that enables managers to diagnose individual millennial challenges and apply skills proven to make a difference with millennial employees.

### *Millennials @Work*

The fact is that Millennials have perhaps even more going for them than previous generations, but they need to be prepared with workplace skills (skills they were never taught) that will let them put that potential to use. Help your Millennial employees develop seven critical skills that will help them find purpose in their work, and take your organization to the next level.
