# AUTOMOTIVE SERVICE

The goal of the Automotive Service Technology program is to prepare students to succeed in an entry-level position as an automotive technician. Students learn eight areas of automotive repair including: Engine Repair; Automatic Transmission/Transaxles; Manual Drive Train and Axles; Suspension and Steering; Brakes; Electrical/Electronics; Heating and Air Conditioning; and Engine Performance.

The curriculum is based on the Automotive Service Excellence (ASE) standards used to prepare technicians for national certification tests.

The program has received ASE certification in all eight areas set for industry standards.

## Local Program Offerings

- Automotive Service Technician

## Employment Opportunities

- Entry-level Technician for Auto Dealership
- Entry-level Technician for Independent Shop
- Auto Service Center/Parts Store
