College Credit
Red River Technology Center students may be eligible to receive college credit for selected full-time programs by the following degree-granting institutions:

- Murray State College
- OSU Institute of Technology
- Western Oklahoma State College

Career Clusters
Choose from one of 14 career pathways for high school and/or adult students within the 7 Career Clusters:

Transportation, Distribution & Logistics
- Automotive Collision
- Automotive Service

Science, Technology, Engineering & Math
- Biomedical Science Academy (high school only)
- Pre-Engineering Academy (high school only)
- Electronics

Business, Management & Administration
- Business Information Technology Education

Architecture & Construction
- Residential Carpentry
- Residential Heating & Air Conditioning

Health Science
- Health Careers Certification
- Practical Nursing (adults only)
The purpose of the Residential Carpentry career pathway is to provide training on-the-job and in the classroom to high school and adult students who show interest in the construction industry. On-the-job work will consist of building “mock-ups” in the shop and building a house from the ground up on-site at Red River Technology Center.

After completing this career pathway, students will be able to demonstrate entry-level skills and knowledge of Residential Carpentry.

“Our class is taught to build a house. We do it! We experience each part of the building process.”
- Steve Tyler, Residential Carpentry Instructor

Career Majors

- Cabinetmaker
- Frame Carpenter
- Residential Carpentry

“There’s a lot to learn and we learn a lot.”
- Steve Tyler, Residential Carpentry Instructor

Students Learn How to...

- Safely operate hand and power tools
- Determine site layout and elevations
