# Automotive Collision

Today's auto body technician is a skilled professional with expertise in complex automotive systems and the modern materials used in today's automobiles.

Using a variety of modern equipment, students will learn the basic skills necessary to return damaged cars and trucks to original showroom quality.

Students will gain hands-on experience in frame work, panel replacement, paint systems, and damage estimation.

Program is ASE Certified in non-structural analysis and damage repair and painting and refinishing, and NATEF Certified.

## *Local Program Offerings*

- Combination Collision Repair Technician

## *Students Learn*

- Custom Refinishing
- Shop Safety
- Major and Minor Frame Work
- Panel Replacement and Alignment
- Frame Alignment
- Estimating
- Paint Mixing
